

POST-PRODUCTION

Docu Rough Cut Boutique

Docu Rough Cut Boutique creates a special space for documentary film in their most exciting and yet vulnerable phase; the rough-cut.

Dates: end-March 2021 - online

end-June 2021 - online or residential, Sofia

August 2021 - residential, Sarajevo

(as part of the CineLink Industry Days at the Sarajevo Film Festival, which in 2021 ran from 14-19 August)

Docu Rough Cut Boutique emerged from the wish to make a difference - to provide high-quality training in a safe environment, to create one-to-one relationship with top professionals and to sustain intensive networks that last. By taking only five projects per year, each selected team receives the attention necessary to consume time together slowly and fully enjoy the magic of documentary cinema!

The programme culminates at the Sarajevo Film Festival where five projects will be presented to the CineLink Industry Days decision makers (funders, sales agents, distributors, broadcasters, and festival programmers) with the aim of assisting their completion and enhancing their distribution possibilities.

Docu Rough Cut Boutique selects only projects from these countries: Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Georgia, Greece, Hungary, North Macedonia, Malta, Moldova, Montenegro, Romania, Serbia, Slovenia.
