MFI SCRIPT 2 FILM WORKSHOPS is an advanced training program offering a platform for the effective **script & project development** of European & international **FEATURE FILMS, SERIES PROJECTS & FEATURE DOCUMENTARIES**. It consists of **4 intensive workshop sessions** per year, based on **group work, Q&A sessions, case studies & individual consultations**, and offers a **global development methodology** for participating projects.

SCRIPT & PROJECT DEVELOPMENT: The program helps to **fully develop** the participating screenplays, from first or subsequent draft to final draft. It aims to produce solid screenplays that will have a strong **dramatic impact to international audiences**. At the same time the program offers participants the tools to set up an **effective project development process** (presentation, financing & formation of co-productions) improving participating projects' potential in terms of **markets & audiences**.

TRAINING FOR SCRIPT EDITORS: The program offers selected seats for **script development professionals** (screenwriters, script consultants, trainers, commissioning editors, producers, decision makers) who wish to improve their skills in a practical framework. It incorporates them as **assistant trainers** working next to the program's tutors for the development of participating scripts.

TRAINERS & EXPERTS: The program involves some of the most **established screenwriting teachers, producers & industry experts** from Europe and the USA as trainers & tutors. Furthermore, in every workshop session, renowned **international filmmakers** offer lectures and participate in Q&A sessions.

WHO CAN APPLY? European & international creative teams (screenwriters, producers, and directors) with a **FEATURE FILM, SERIES** or a **DOCUMENTARY** project in development. Script development professionals **without a project**.

TUITION FEES:

- For screenwriters, directors, producers with a project: **2000€**.
- For script development professionals without a project: **2000€**

**Accommodation and board are covered by the program*

DEADLINE FOR APPLICATIONS

for applicants with a project (all platforms): **MARCH 20, 2023**
